Celebrate history in the city of ships!
This year marks Maine's bicentennial. We're proud that the state's first governor, William King, hailed from Bath. Our little riverside city is steeped in history and we welcome you to explore the best of Bath, both past and present. Discover our unique history of ship building as well as current maritime industry at Bath Iron Works. Get out on the mighty Kennebec River or tour our historic district for a Showcase of beautifully preserved historical architecture. Bath's 34 historical markers detail points of interest and capture critical moments in our city's evolution. Welcome to Bath - where history welcomes you!
